3	Direct Revenues	2,974,439	207,765	282,091	19,316	3,483,611
4	Direct Expenditures	3,064,821	282,970	322,031		3,669,822
5	Difference	(90,382)	(75,205)	(39,940)	19,316	(186,211)
6	Estimated Fund Balance - June 30, 2016	11,924	367	12,282		24,573
7	Unbalanced budget, a deficit reduction plan must be adopted and submitted concurrently with this budget. This deficit reduction plan must result in a balanced budget by the last year of the attached plan, as adopted by the local board of education. (Tab: Deficit BudgetSum Calc 20)					
8						
9	<i>A deficit reduction plan is required if the local board of education adopts (or amends) the 2015-16 school district budget in which the "operating funds" listed above result in direct revenues (line 9) being less than direct expenditures (line 19) by an amount equal to or greater than one-third (1/3) of the ending fund balance (line 81).</i>					
10						
11						
12	Note: <i>The balance is determined using only the four funds listed above. That is, if the estimated ending fund balance is less than three times the deficit spending, the district must adopt and file with ISBE a deficit reduction plan to balance the shortfall within three years.</i>					
13						
14	<i>The School Code, Section 17-1 (105 ILCS 5/17-1) - If the 2015-2016 Annual Financial Report (AFR) reflects a deficit as defined above (page 36), then the school district shall adopt and submit a deficit reduction plan (found here on page 20-24) to ISBE within 30 days after acceptance of the AFR.</i>					
15	<i>The deficit reduction plan, if required, is developed using ISBE guidelines and format.</i>

Deficit Reduction Plan-Background/Assumptions

Fiscal Year 2017 through Fiscal Year 2020

Calhoun CUSD 40 **40-007-0400-26**

Please complete the following schedule and include a brief description to identify any areas of the budget that will be impacted from one year to the next. If the deficit reduction plan relies upon new local revenues, identify contingencies for further budget reductions which will be enacted in the event those new revenues are not available. For additional information, please see:

<http://www.isbe.net/sfms/budget/default.htm>

1. Background and Narrative of Budget Reductions:

Calhoun CUSD #40 is a small rural school district that has experienced several years of decreasing equalized assessed values that are still affecting the revenue the district receives from the local property taxes. They have decreased by 10% in FY14 and have decreased a total of 15% over the past four years since 2012. This has had a huge impact on our school district. There was a decreased amount of \$273,000.00 in local property taxes for the FY 15 school year and the district has had a hard time recovering that lost revenue. Decreasing enrollment has also been a factor until FY 16. The districts enrollment has increased by 20% the past two years. However due to the three year average of ADA the benefits of this has not been recognized in the GSA payments. Due to pro-ration of GSA payments Calhoun CUSD #40 has had a loss in GSA revenue of \$766,240 since FY 11 through FY 17.

The district will continue to strive to create a balanced and sustainable budget for the next the three school years with decreasing local revenues and federal revenues. To achieve a positive balanced budget, there will be adjustments made in all four funds.

Expenditures will be made to fulfill each of the Calhoun Elementary and High School's School Improvement plans to help operate within the budget. However we will still have to cut in the four main funds especially in the educational fund. This will include a decrease in educational expenditures, professional development, classroom supplies, technology, etc. The faculty and staff will look at possible salary freezes in the next few years in order to help maintain a current level of spending at the same time hoping the revenues will increase at both the State and Local levels. The monies brought in by the CSFST will be used to help with the upkeep of aging facilities and to abate existing bonds that were issued to build the Calhoun Elementary/Jr. High School. We will continue to use these funds to make improvements on both school buildings to help with energy efficiency and energy cost.

2. Assumptions Used in the Deficit Reduction Plan:

Local revenues will hopefully increase a bit due to a newly hired county tax assessor who will be reviewing all commercial property assessed values in Calhoun County. The commercial property values were wrongly assessed in the past and will be corrected over the new few years which should have a positive impact on the local property tax revenue for the school district. Federal revenues have decreased due to a drop in our Title I funds. Other State and Federal Grants will remain constant. Investment in professional development is going to be needed to adhere to the New Illinois Learning Standards, Next Generation Science Standards and newly mandated teacher evaluation model that is currently being implemented this school year.

- Foundation Levels for General State Aid:

Assumes a proration of 100% for the current and future Fiscal years.

- Equal Assessed Valuation and Tax Rates:

The local EAV has continued to decrease due to the fact the housing market still has not recovered in Calhoun County. The county is on its third tax assessor in the past five years. The new tax assessor is in the process of once again reassessing both personal and commercial properties.

- Employee Salaries and Benefits:

There was a small increase in the amount of employee benefits in FY 17 with the increase federal healthcare mandates to adhere to. FY 17 funding for certified and non-certified staff increased due to raises given.

- Short and Long Term Borrowing:

Calhoun CUSD #40 has a high level of long term debt of \$3.5 million that will be paid off in 2023. Calhoun County voters passed the County School Facility Sales Tax two years ago and that has generated around \$90,000 in additional monies to the school district that will help with the upkeep of the aging facilities. If needed Calhoun CUSD #40 also plans on issuing Working Cash bonds to help with rising expenditures when needed. In order to generate more revenue the school district plans to ask our taxpayers to pass a referendum if needed by Spring 2018 to increase our Education Fund Levy by FY19 in order to remain open after FY19, unless the State of Illinois passes the Property Tax Freeze and Pension Cost Shift before this date. If the Property Tax Freeze is passed as a law we will lose \$60-70k annually. If the Pension Cost Shift is passed we will look at losing around \$100k annually based on current salaries and the current 4.8% state contribution.

- Educational Impact:

Due to budget cuts and past decreased student enrollment, Calhoun CUSD #40 has had to cut the Spanish program at Calhoun High School as well as a special education teacher. The high school principal now shares the special education case load with the only special education teacher. The school district reduced-in-force two classroom aides and one was not hired back for the FY17 school year. The school district however will continue to strive to offer a rigorous curriculum that is aligned to the New Illinois Learning Standards for Math and ELA and the Next Generation Science Standards. The schools will do this by integrating more problem-solving and best practices in the classrooms. Both the elementary and high schools adopted a new math curriculum and STEM initiative, on that is aligned to the New Illinois Learning Standards. Calhoun High School math scores still are not where they need to be and this will continue to be a goal next school year. The realignments and initiatives are being made through lessons using best practices, activities, and assessments. Reading scores have improved at Calhoun High School in the past two years. Teachers and administrators will use data to drive their decisions in regards to instruction and best practices as well as implementing interventions for students when needed. This will take much needed professional development and guidance to achieve. It is hope through training, both schools will implement Professional Learning Communities that will positively impact student growth. With the existing fiscal distress, it is difficult to aggressively approach comprehensive reform that is needed. Teachers will participate in professional development in regards to the new teacher evaluation process and the newly created evaluation tool that Calhoun CUSD #40 will use. This tool will be used this school year and it is hoped that this new evaluation method will help "grow" teachers into distinguished educators.

- Other Assumptions:

It is a goal of Calhoun CUSD #40, that through this deficit reduction plan the district will strive to improve its financial stability. The school district will try to continue to decrease its expenses in ways that it will minimally impact student achievement. Between FY 15 and FY 17, the District has eliminated a bus route, bus driver, bus, two custodians and two classroom aides, and one Spanish teacher and one special education teacher. Past pro-rated GSA revenues (included), Property Tax Freeze (not included in current plan) and/or declining EAV for local property owners, and Pension Cost Shift (not included as well) will continue to make it difficult for the district to be fiscally stable. It does not allow for the increase need of professional development for instruction, new or update technology, badly needed building improvements or other materials. Both increased revenue and cost savings are needed to help achieve a level of fiscal stability and academic health.

- Has the district considered shared services or outsourcing (Ex: Transportation, Insurance) If yes please explain:

This is very difficult to do with the proximity of the location of Calhoun CUSD #40. The district does share transportation services with Jersey CUSD #100 and has for the past three years for a special education route. Calhoun CUSD #40 will continue to look to share services with surrounding school districts in areas such as guidance counseling and vocational services too.

ESTIMATED LIMITATION OF ADMINISTRATIVE COSTS

(For Local Use Only)

This is an estimated Limitation of Administrative Costs Worksheet only and will not be accepted for Official Submission of the Limitation of Administrative Costs Worksheet.

The worksheet is intended for use during the budgeting process to estimate the district's percent increase of FY2017 budgeted expenditures over FY2016 actual expenditures. Budget information is copied to this page. Insert the prior year estimated actual expenditures to compute the estimated percentage increase (decrease).

The official Limitation of Administrative Costs Worksheet is attached to the end of the Annual Financial Report (ISBE Form 50-35) and may be submitted in conjunction with that report.

An official Limitation of Administrative Costs Worksheet can also be found on the ISBE website at:
